

Is your child ready to stay home alone?

The Home Alone program will help parents and children determine if they are ready to stay home alone.

Parents and children should watch the Home Alone videos together, and use the short activities after each video to discuss your plans to stay safe.

Topics in the videos include:

- Developing your own home alone plan
- Fire safety
- Medical emergencies
- How to report an emergency
- Getting along with others
- Structuring time when home alone
- ...and much more
